

## Applying for the Conference

The TxBESS Science and Math Teacher Workshop is a week-long workshop designed to provide TEKS/TAKS aligned science and math content and support the goals of the TxBESS program. We expect demand to be strong for this program, and require a \$50.00 registration fee, made to UT Arlington, from each participant to hold their place. All other costs will be covered by a grant from the Texas Workforce Commission, which will cover housing, two meals per day, field trip costs, lab supplies and up to a \$200 travel stipend for out-of-town attendees (limited to actual travel expenses or \$200, whichever is less, for teachers outside of Tarrant, Dallas, Denton, Ellis, Johnson and Collin Counties).

- Space is limited to 120 teachers.
- Applications will be accepted on a first-come first-served basis. Send applications directly to UT Arlington either by email or fax. Once a workshop is filled, the workshop will be closed and applications will be placed on a waiting list.
- We will continue to accept applications until all workshops are filled. However, we expect demand to be high, and we expect some workshops to be filled sooner than others.
- If it becomes necessary to access applications from the waiting list, names will be pulled from the list on a first-come, first-served basis.
- Once your application has been accepted, you will be notified. Once notified, we must receive your registration fee within 7 working days of the notice, or a statement from your region, district, or school indicating that the fees are being processed. Make checks payable to UT Arlington, and include "TxBESS Workshop" in the memo.

Mail to:

Cathy Boyles  
Office of the Dean of Science  
The University of Texas at Arlington  
Box 19047, 501 South Nedderman Dr.  
Arlington, TX 76019

We look forward to having you here at UT Arlington!
